

## Tree.com Reports Fourth Quarter 2011 Financial Results

CHARLOTTE, N.C., Feb. 24, 2012 /PRNewswire/ -- Tree.com, Inc. (NASDAQ: TREE) today announced for the quarter ended December 31, 2011, a net loss of \$1.1 million, or \$0.10 per share, which includes an impairment charge of \$5.6 million, and adjusted EBITDA of \$6.2 million. Revenue in the fourth quarter was \$10.7 million. As a result of the pending sale of substantially all of the operating assets of Tree.com's Home Loan Center subsidiary to Discover Financial Services (NYSE: DFS), revenue and other results of the LendingTree Loans business are shown as discontinued operations for all periods reported.

(Logo: <http://photos.prnewswire.com/prnh/20110518/MM04466LOGO> )

Doug Lebda, Chairman and CEO of Tree.com stated, "I am very pleased with our results. The strides we made in marketing throughout 2011 paid significant dividends in the fourth quarter. We were able to reduce marketing expense significantly and thus marketing expense as a percentage of revenue was the lowest level we've seen since the second quarter of 2009. And, in our LendingTree Loans business, continued low interest rates enabled us to generate substantial returns. Looking ahead to 2012, we're confident in our market position and we are issuing guidance for 2012."

### New Non-GAAP Adjusted Exchanges Results

Because [Tree.com](http://tree.com)'s accounting policies do not recognize revenue for leads generated by the Exchanges business that are provided to LendingTree Loans, the Company is providing new metrics designed to give investors a view into what the results might have been if the Company did not operate LendingTree Loans. We will continue to report these metrics for future periods pending the sale of assets of Home Loan Center.

Tree.com 2011 Exchanges Metrics (1)								
\$s in millions

<b>Adjusted Exchanges EBITDA (5)</b>	N/A	\$	<b>(4.2)</b>	N/A	\$	<b>(2.3)</b>	N/A	\$	<b>2.3</b>	N/A	\$	<b>3.3</b>
Adjusted EBITDA % of revenue	N/A		-18%	N/A		-9%	N/A		12%	N/A		18%

- (1) Adjusted Exchanges mortgage revenue, total adjusted Exchanges revenue, adjusted Exchanges marketing expense, variable marketing margin, variable marketing margin % of revenue, adjusted Exchanges EBITDA, and adjusted EBITDA % of revenue are non-GAAP measures. Please see "Tree.com's Reconciliation of Non-GAAP Measures to GAAP" and Tree.com's Principles of Financial Reporting" below for more information on these non-GAAP measures.
- (2) Adjusted Exchanges mortgage revenue is defined as revenue from the Exchanges mortgage vertical plus modeled revenue for leads provided to LendingTree Loans assuming sale prices for such leads equaled sale prices of leads of similar quality sold to network lenders. Accordingly, this measure also assumes lender demand on the network would have been sufficient to absorb the additional lead volume without affecting the prices of the leads actually sold. Please see "Tree.com's Principles of Financial Reporting" for further explanation of this metric.
- (3) Adjusted Exchanges marketing expense is defined as the portion of selling and marketing expense attributable to the current Exchanges business for variable costs paid for advertising, direct marketing and related expenses, plus selling and marketing expense allocated to LendingTree Loans and recorded in discontinued operations. This metric excludes overhead, fixed costs, and personnel-related expenses.
- (4) Variable marketing margin is defined as total Exchanges revenue minus Exchanges marketing expense

### Full Year 2012 Guidance

"We are entering 2012 with momentum and focus. Marketing has gained significant efficiencies in recent quarters, our fixed costs are in line, and we are projecting positive adjusted Exchanges EBITDA for 2012," said [Tree.com](#) SVP of Financial Planning & Analysis, Tamara Kotronis. "We believe the second half of 2011 is indicative of the current interest rate environment; therefore, we are issuing guidance of net income from continuing operations of \$3-\$4 million and adjusted Exchanges EBITDA of \$8-\$12 million."

Additionally, the Company is projecting a cash balance after the close of the sale of the Home Loan Center Assets and wind-down of the remaining business of approximately \$50 million. This estimate is subject to uncertainties including the timing of closing, the Company's results of operations through closing, litigation-related payments, the effects of restructuring, unplanned capital expenditures, proceeds from sale of loans held for sale and related derivative positions, and changes in loan loss reserves, any of which may cause the actual cash balance to be substantially different.

## **Fourth Quarter 2011 Highlights**

### ***Continuing Operations***

- Fourth quarter revenue was \$10.7 million, down \$2.4 million, or 19%, from the third quarter 2011, and down \$1.2 million, or 10%, from fourth quarter 2010. The reduction quarter-over-quarter was driven by lower mortgage revenue, as interest rates were generally lower in the fourth quarter leading to lower lender demand for leads. The Company also provided a greater percentage of the Exchanges mortgage lead volume to LendingTree Loans in the fourth quarter compared to the third quarter, resulting in lower reported revenue.
- Net loss from continuing operations was \$8.2 million in the fourth quarter 2011, representing a \$4.5 million decline from the third quarter 2011 and a \$0.2 million improvement from the fourth quarter 2010. The net loss in the quarter includes a \$5.6 million impairment of intangible assets.
- Adjusted EBITDA in the fourth quarter was a loss of \$1.4 million, a decline from the \$0.5 million Adjusted EBITDA loss in the prior quarter, but a \$5.3 million improvement compared to fourth quarter 2010. The quarter-over-quarter decline was the result of lower revenue which was partially offset by \$1.1 million lower marketing expense. The year-over-year improvement was driven primarily by \$3.7 million lower marketing expense. In a lower interest rate environment, the Company is generally able to lower marketing expense for customer acquisition.
- Adjusted Exchanges revenue was down 8% in the fourth quarter compared to the prior quarter, primarily attributable to lower mortgage revenue reflecting lower lender demand due to lower interest rates.
- Adjusted Exchanges variable marketing margin % increased to 53% in the fourth quarter, from 45% in the third quarter, reflecting lower adjusted Exchanges variable marketing expense.

### ***Discontinued Operations***

- Net income from discontinued operations was \$7.1 million in the fourth quarter 2011.
- Adjusted EBITDA from discontinued operations in the fourth quarter was \$7.5 million, down \$2.0 million from the third quarter 2011, but up slightly, \$0.3 million, over the fourth quarter 2010. The decline from the prior quarter was driven by a \$2.6 million increase in cost of revenue at LendingTree Loans. Looking year-over-year, Adjusted EBITDA from discontinued operations was influenced by lower Real Estate revenue and a \$2.0 million increase in cost of revenue compared to the fourth quarter 2010, which were slightly more than offset by \$3.7 million lower marketing expense.
- As of December 31, 2011, LendingTree Loans had three committed lines of credit totaling \$275.0 million of borrowing capacity. In January 2012, one of the committed lines for \$50.0 million expired, bringing total committed capacity down to \$225.0 million. However, a new uncommitted line for \$100.0 million was also added in January 2012, bringing total funding capacity to \$325.0 million.
- The loans held for sale and warehouse lines of credit balances as of December 31, 2011 were \$217.5 million and \$197.7 million, respectively.

### **Liquidity and Capital Resources**

As of December 31, 2011, Tree.com had \$45.5 million in unrestricted cash and cash equivalents, compared to \$10.3 million as of September 30, 2011. During the fourth quarter and for the twelve months of 2011, Tree.com did not purchase any shares under its previously announced \$10 million share repurchase program. The program began in February 2010 and has approximately \$4.3 million of share repurchase authorization remaining.

### **Update on Sale of Home Loan Center Assets**

On February 7, 2012, Tree.com and its Home Loan Center subsidiary entered into an amendment to the asset purchase agreement related to the sale of substantially all of the operating assets of Home Loan Center to Discover Financial Services. Under the amended terms, while the total purchase price remains \$55.9 million, the payment timing of the deferred portion of the purchase price is accelerated so that \$45.9 million will be due at closing and \$10 million will be due on the first anniversary of closing. To date, Discover has made a total of \$5 million in extension payments. A purchase price payment of \$3 million will be due on March 7, 2012, regardless of whether or not the transaction has closed. These \$8 million in pre-closing payments will be credited against the purchase price due at closing, so Discover will pay a net of \$37.9 million at closing. The closing and all future payments described above are subject to certain conditions being satisfied.

Discover has exercised its extension rights under the original agreement to extend the date on which Home Loan Center or Discover can terminate the agreement if closing has not occurred to March 7, 2012. Under the amendment, Discover may further extend the end date to July 6, 2012 without further extension payments, subject to certain conditions. Tree.com anticipates closing to occur by mid-year 2012.

## Conference Call

Tree.com will audio cast its conference call with investors and analysts discussing fourth quarter financial results and certain other matters described herein today at 11:00 a.m. Eastern Time (ET). The live audio cast is open to the public at <http://investor-relations.tree.com/>.

Conference call

## TREE.COM'S PRINCIPLES OF FINANCIAL REPORTING

Tree.com reports Earnings Before Interest, Taxes, Depreciation and Amortization ("EBITDA"), and adjusted for certain items discussed below ("Adjusted EBITDA"), adjusted Exchanges mortgage revenue, total adjusted Exchanges revenue, adjusted Exchanges marketing expense, variable marketing margin \$, variable marketing margin % of revenue, adjusted Exchanges EBITDA, and adjusted EBITDA % of revenue as supplemental measures to GAAP. These measures are primary metrics by which Tree.com evaluates the performance of its businesses, on which its marketing expenditures are based and in the case of Adjusted EBITDA and Variable Marketing Margin \$ by which management and many employees are compensated. Tree.com believes that investors should have access to the same set of tools that it uses in analyzing its results. These non-GAAP measures should be considered in addition to results prepared in accordance with GAAP, but should not be considered a substitute for or superior to GAAP results. Tree.com provides and encourages investors to examine the reconciling adjustments between the GAAP and non-GAAP measure set forth above.

### Definition of Tree.com's Non-GAAP Measures

EBITDA is defined as operating income or loss (which excludes interest expense and taxes) excluding amortization of intangibles and depreciation.

Adjusted EBITDA is defined as EBITDA excluding (1) non-cash compensation expense, (2) non-cash intangible asset impairment charges, (3) gain/loss on disposal of assets, (4) restructuring expenses, (5) litigation settlements and contingencies, (6) pro forma adjustments for significant acquisitions or dispositions, and (7) one-time items. Adjusted EBITDA has certain limitations in that it does not take into account the impact to Tree.com's statement of operations of certain expenses, including depreciation, non-cash compensation and acquisition related accounting. Tree.com endeavors to compensate for the limitations of the non-GAAP measure presented by also providing the comparable GAAP measures with equal or greater prominence and descriptions of the reconciling items, including quantifying such items, to derive the non-GAAP measure.

Adjusted Exchanges mortgage revenue is defined as revenue from the Exchanges mortgage vertical plus modeled revenue for leads provided to LendingTree Loans assuming sale prices for such leads equaled contemporaneous sale prices of leads of similar quality sold to network lenders. Accordingly, this measure also assumes lender demand on the network would have been sufficient to absorb the additional lead volume without affecting the prices of the leads actually sold. The Company believes these are the most reasonable assumptions to facilitate the purpose of this metric -- to give investors a view into what the result might have been if the Company did not operate LendingTree Loans -- and the Company used the same assumptions to evaluate the performance of its business beginning in the third quarter of 2011. Investors are cautioned that there is inherent uncertainty in this metric and the Company urges investors to consider this metric and the other non-GAAP measures discussed below that include this metric in addition to results prepared in accordance with GAAP and not as substitutions for or superior to GAAP results. There can be no assurance that this metric and the other non-GAAP measures discussed below that include this metric will be indicative of actual results of operations following the sale of the Home Loan Center assets.

Total adjusted Exchanges revenue is defined as adjusted Exchanges revenue plus revenue from the non-mortgage verticals.

Adjusted Exchanges marketing expense is defined as the portion of selling and marketing expense attributable to the current Exchanges business for variable costs paid for advertising, direct marketing and related expenses, plus selling and marketing expense allocated to LendingTree Loans and recorded in discontinued operations. This metric excludes overhead, fixed costs, and personnel-related expenses.

Variable marketing margin is defined as adjusted Exchanges revenue minus adjusted Exchanges marketing expense, and variable marketing margin % of revenue is defined as variable marketing margin expressed as a percentage of adjusted Exchanges revenue.

Adjusted Exchanges EBITDA is defined as Adjusted EBITDA from continuing operations, plus modeled revenue for leads provided to LendingTree Loans, minus Exchanges selling and marketing expense allocated to LendingTree Loans and recorded in discontinued operations.

Adjusted EBITDA % of revenue is defined as adjusted Exchanges EBITDA expressed as a percentage of adjusted Exchanges revenue.

Non-GAAP adjusted Exchange metrics are not prepared in accordance with SEC rules or Generally Accepted Accounting Principles requiring certain pro forma financial information giving effect to disposition of a material asset that has occurred or in some cases that is probable, and they are not intended to be a substitute for such financial information. The Company will prepare and report pro forma financial information following the closing of the pending sale of assets of Home Loan Center in accordance with SEC rules and Generally Accepted Accounting Principles.

### **One-Time Items**

Adjusted EBITDA is adjusted for one-time items, if applicable. Items are considered one-time in nature if they are non-recurring, infrequent or unusual, and have not occurred in the past two years or are not expected to recur in the next two years, in accordance with SEC rules. For the periods presented in this report, there are no adjustments for one-time items.

### **Non-Cash Expenses That Are Excluded From [Tree.com](#)'s Adjusted EBITDA and Adjusted Exchanges EBITDA**

Non-cash compensation expense consists principally of expense associated with the grants of restricted stock units and stock options. These expenses are not paid in cash, and Tree.com will include the related shares in its calculations of fully diluted shares outstanding. Upon vesting of restricted stock units and the exercise of certain stock options, the awards will be settled, at Tree.com's discretion, on a net basis, with Tree.com remitting the required tax withholding amount from its current funds.

Amortization and impairment of intangibles are non-cash expenses relating primarily to acquisitions. At the time of an acquisition, the intangible assets of the acquired company, such as purchase agreements, technology and customer relationships, are valued and amortized over their estimated lives.

### **Safe Harbor Statement Under the Private Securities Litigation Reform Act of 1995**

The matters contained in the discussion above may be considered to be "forward-looking statements" within the meaning of the Securities Act of 1933 and the Securities Exchange Act of 1934, as amended by the Private Securities Litigation Reform Act of 1995. Those statements include statements regarding the intent, belief or current expectations or anticipations of Tree.com and members of our management team. Factors currently known to management that could cause actual results to differ materially from those in forward-looking statements include uncertainties surrounding the potential sale transaction related to the assets of our LendingTree Loans business, including: the uncertainty as to the timing of the closing, the possibility that various closing conditions for the transaction may not be satisfied or waived, and the effects of disruption from the transaction making it more difficult to maintain relationships with employees, customers and other business partners. Other factors currently known to management that could cause actual results to differ materially from those in forward-looking statements include the following: adverse conditions in the primary and secondary mortgage markets and in the economy, particularly interest rates; adverse conditions in the credit markets and the inability to renew or replace warehouse lines of credit; seasonality of results; potential liabilities to secondary market purchasers; changes in the Company's relationships with network lenders, credit providers and secondary market purchasers; breaches of network security or the misappropriation or misuse of personal consumer information; failure to provide competitive service; failure to maintain brand recognition; ability to attract and retain customers in a cost-effective manner; ability to develop new products and services and enhance existing ones; competition; allegations of failure to comply with existing or changing laws, rules or regulations, or to obtain and maintain required licenses; failure of network lenders or other affiliated parties to comply with regulatory requirements; failure to maintain the integrity of systems and infrastructure; liabilities as a result of privacy regulations; failure to adequately protect intellectual property rights or allegations of infringement of intellectual property rights; and changes in management. These and additional factors to be considered are set forth under "Risk Factors" in our Annual Report on Form 10-K for the period ended December 31, 2010, our Quarterly Reports on Form 10-Q for the period ended March 31, 2011, June 30, 2011, September 30, 2011 and in our other filings with the Securities and Exchange Commission. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results or expectations.

### **About Tree.com, Inc.**

Tree.com, Inc. (NASDAQ: TREE) is the parent of several brands and businesses that provide information, tools, advice, products and services for critical transactions in our customers' lives. Our family of brands includes: LendingTree.com®, GetSmart.com®, [DegreeTree.com](#)(SM), [LendingTreeAutos.com](#), [DoneRight.com](#) and [ServiceTree.com](#). Together, these brands serve as an ally for consumers who are looking to comparison shop for loans, home services, education, auto and other services from multiple businesses and professionals who will compete for their business.

Tree.com, Inc. is the parent company of wholly owned operating subsidiaries: LendingTree, LLC and Home Loan Center, Inc.
